

## Meet the Candidate

### Board of Directors

Steve Stettner

Palmer, NE

Having grown up outside of Grand Island, I have made my home in Merrick County where my roots run deep. My parents both graduated from Central City High School, and my grandparents lived in Central City and Palmer. I graduated in 1997 from Grand Island Northwest High School, where I was active in Hall County 4H, Northwest FFA and numerous other sports and extracurricular activities. I spent the summer after high school on a wheat harvest crew. I then attended the Nebraska College of Technical Agriculture in Curtis for two years. I went on to the University of Nebraska College of Agricultural Science and Natural Resources at Lincoln for my bachelor's degree in ag engineering.

Upon graduation I worked a short time for CNH Global in Grand Island as a quality control engineer before moving to Lancaster County, Pennsylvania, to manage pork production for a Co-Op. After three years in that position and some further education, I went to work for the Pennsylvania Farm Bureau as the regulatory reform director and later became the regional organization director for all of southeast Pennsylvania. Despite my professional success, my love of farming and Central Nebraska drew me back home. Today I am blessed to farm with my Uncle Rex and cousin Todd Weller in Palmer.

I met my wife, Heather, in Pennsylvania, where her family has farmed for 225 years on the same land. We've been married since 2013. We were blessed this past August with the birth of our second child, Greta to join her brother Emmett. Heather works from a home office for an agricultural advertising and public relations agency based in Kansas City.

I believe in strong rural communities and rural values. That's what drew me back to Central Nebraska and drives me to serve my community in as many ways as I can. I would be proud to serve an organization that contributes so much to the local communities that it serves.

# Nomination Certificate

## Meet the Candidate

### Board of Directors

Ed McNeff

Archer, NE 68116

I have been engaged in farming my entire life. I was born and raised near Palmer where I first learned to love farming. I was married 32 years ago and moved to the Archer area where I still live and farm. We have 5 children and 5 grandchildren. We enjoy spending a lot of family time together. I have been very involved with the Fairview United Methodist church. Having served on the board for several years, I have learned a lot about the credit union business practices. I would like to continue to use this knowledge by staying on the board. I feel it is just a small way to give back to the community to keep their best interest in mind while serving. Thank you for having allowed me to serve on the board and I would appreciate your vote to continue to serve.
